

TEJAS CT SPECIALTIES

Solutions for Coiled Tubing Units

We Specialize in Cost-Effective
High Performance Parts
For the Coiled Tubing Industry

REDUCE REPLACEMENT PART COSTS WITH **TEJAS CT SPECIALTIES**

USA Made | Longer Lasting Replacement Parts

Tejas CT Specialties provides high performance replacement parts for coiled tubing units that last longer and exceed the performance of OEM parts at a fraction of the price. All of the parts that we supply and manufacture are produced in the USA and are kept in stock for quick deliveries!

USA Owned & Operated | Service & Support

We are owned and operated by Boedeker Plastics, Inc. in Shiner, TX which offers us the capabilities of a full engineering staff, multiple CNC machine shops and access to the best performance materials available. We can redesign and provide cost savings for any components where higher performance or longer life are needed.

We Specialize in Cost-Effective **High Performance Parts** For the Coiled Tubing Industry

Master Distributor for Diamond Injector Head Chain

As a stocking master distributor for Diamond Chain, we stock injector head chain kits for all major CT units. Diamond Chain is made in the USA and consistently provides a 20%+ longer chain life than the OEM chain offerings. We can provide complete assembly service on new chains as well as breakdown, measurement, qualification and rebuilding of used chains. We are also a distributor of RBC Bearings, bringing unique bearing design solutions for complex problems.

Precision Machining & Technical Services

- Over 80 CNC Machines
- Prototype to Production Quantities
- Part Design Assistance
- Material Selection Services by Application
- Customer Inventory Programs | JIT Supply
- Full Engineering Support Team
- ISO 9001 & 13485 Certified
- CAD Software | SOLIDWORKS & Pro/ENGINEER
- CAM Software | Mastercam & PartMaker
- Metrology (CMMs, Vision Systems, and more)

S&S REPLACEMENT COMPONENTS

S&S Diamond Chain Injector Head Parts

One Piece Block with Integrated Insert: Our proprietary one-piece blocks are a favorite with our customers that are running S&S and CSI units. They eliminate the bolt-on inserts that can cause unnecessary downtime due to stripped bolts or safety hazards from sheered grippers. Our design reduces downtime, eliminates unnecessary labor, reduces noise and vibration and leads to better machine efficiency.

ADDITIONAL KITS & APPLICATIONS

Injector Head Chain Kits by Unit We Support

Capillary Units
Halliburton CT Units
Celtic Pride CT Units

Total CT Units
Premier CT Units

Serva CT Units
Weatherford COROD Units

Other Typical Applications We Support

Reel Trailer Bushings
Carrier Blocks
Horsehead Rollers
As well as many more.....

Nylatron Sheaves
V-Rollers
Stripper Rubbers

Gripper Blocks
Guide Rollers
Rabbit Ear Rollers

CUSTOM COILED TUBING PARTS

Bring Us Your Challenging Applications

We specialize in improving part performance with enhanced designs and upgraded materials that increase part life and reduce downtime in coiled tubing applications. Our staff welcomes the challenge to help you increase part life and reduce operating costs.
